The Leaf Jimbaran, Bali's Luxury Villa Retreat, has just recently opened its doors as the area's first luxury healthy lifestyle villa that promises an unparalleled wellness experience, surrounded by personal care.

At The Leaf Jimbaran, your healthy lifestyle is given a boost with a myriad of options – personal trainers, clean nourishing food, specialised pillows, in-villa fitness equipment and rejuvenation activities to improve guests' overall well-being.

The Leaf Jimbaran, set in the midst of typical Bali resort scenery, was designed as an open space in harmony with the surrounding nature. The 40 spacious private pool villas and 10 deluxe rooms all embrace its own quiet bay on Bali's sophisticated and natural coastline, just 20 minutes from Bali Airport. All villas are en-suite, with swimming pool and waterfall, veranda, and fully equipped pantry, while Leaf Deluxe guests can enjoy the main pool and gym located next to the lobby.
