"You are what you eat" is the leading idea behind Sattvic Fine Dining Restaurant's exquisite cuisine. Situated within The Leaf Jimbaran, a contemporary all pool villa resort, Sattvic's menu is inspired by Chef Daniel Green and utilises natural Asian spices and herbs grown in the resort's very own organic garden. Specialising in Asian fusion cuisine with fresh ingredients that are hand-picked daily, Sattvic's culinary philosophy focuses on real food with more vegetables, less carbohydrates, and lower fat intake. Located on the second floor, interiors are beautifully appointed with hard woods and marble. Guests receive personalised attention with thoughtful dishes served to help you understand what to eat for weight loss. Innovative breakfast items include no-rice sushi wraps with smoked salmon, turkey or vegetables. Open daily from 7AM to 10PM, don't miss Sattvic's Afternoon Tea served daily from 3PM to 5PM.
