Set to open in August, The Leaf Jimbaran in Bali is a unique gem for travelers seeking to take part in locally inspired activities in addition to sunbathing and playing in the water at a beach resort.

The villa retreat spearheaded by the Nirmla Hotel Management Group offers various complimentary programs from Monday to Sunday that cater to families and couples such as gardening, jamu-making class, picnics by the beach, kite-making, sunset yoga, dried leaf art, colorful garland-making, creating pebongan (traditional fruit offering) and fruit painting.

Guests staying at one of the property's 40 private pool villas and 10 suites are also invited to take part in premium activities at an additional cost, such as cooking classes, organic day tour to Ubud, cultural tour to Uluwatu Temple, Rindik music lessons, basket weaving, water sports at Tanjung Benoa, and fruit carving lessons.

Parents longing to spend some quality time with their spouse might especially enjoy the resort's "Das The Rain" program which will set up a candlelight dinner in their villa while their children have fun at the kids' club.

"Our caring service actually starts even before guests arrive. Upon booking, The Leaf Jimbaran team ensures a healthy lifestyle is ready during your stay," according to a press release on July 13.

With starting price of US\$600 per villa for a two-night stay, the service is said to include an optional selection of pillows for various kinds of sleeping disorders, mini bar filled with healthy snacks, and kit fit with various exercise equipment from F.I.T Kit Selection.
